MINOR APRIL BLIZZARD

Raging Saturday Morning

Gone Saturday Afternoon

These photos, taken at 9:20 last Saturday morning, show our first Spring blizzard at its furious peak on Ned's Point Road. If we are in for a snow storm, this is the ideal time to have it. By mid afternoon the winter wonderland had vanished completely. The photo at top is a rhododendron which was preparing to burst into bloom before it was buried in a new blanket of snow.

Cheer up, this is New England.

Enjoy

MATTAPOISETT TOWN ELECTION

63 PERCENT VOTED

by VIRGINIA MORGAN

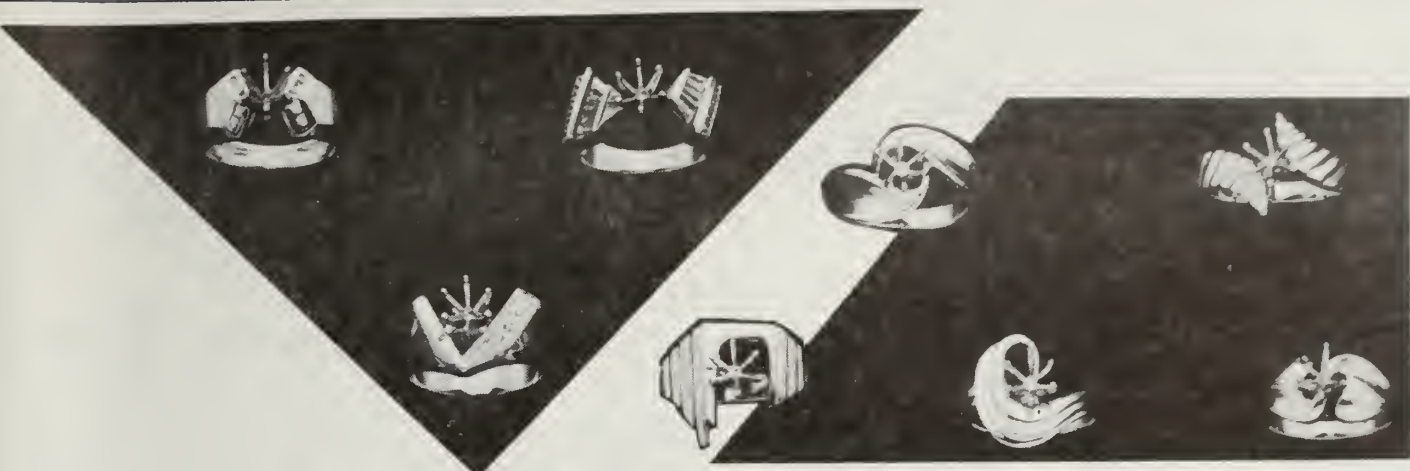

A resounding victory in the Selectmen's race was won in last Tuesday's election by Daniel O. Mahoney with 1374 votes, 417 over his opponent, Paul Lambalot, who received 957 votes. Mr. Mahoney, who is well-known at Town Hall in his capacity as a member of the Board of Appeals which meet on the second floor, will now "move down" to the first floor Selectmen's Office. There were 23 blanks.

Incumbent Town Clerk Lois K. Ennis retained the office she has held for 24 years with 1253 votes, 238 over her opponent, former Selectman James F. Huntoon, who received 1015 votes (86 blanks).

Town Clerk Ennis said 2354 voters came to the polls out of 3575 registered voters, making a 63 percent turnout. Mrs. Ennis said the voter turnout was spectacular. "With 158 absentee ballots received, we realized it would be a good turnout. If the weather had been better, the amount could have been higher." She noted there was a higher voter turnout three years ago when 67½ percent voted. There was a three-way race for Selectman that year involving Lois Ennis, William F. Hubbard and James Huntoon.

It was business as usual on Wednesday at Town Hall as Town Clerk Ennis swore in Mr. Mahoney to the office of Selectman.

Peter B. Hodges, with 1474 votes, over-

whelmingly captured the three-year term on the Mattapoisett School Committee by 802 votes over Paul F. Amoruso with 672 votes. There were 208 blanks. Both were first-time public office seekers.

After a town meeting vote last year to increase the number of school committee members to five, this election was the first time candidates have run for a one year and a two year term. The two elected were Mark E. Whalen for the two-year term with 1741 votes (613 blanks) and Andrew W. Lynch for the one-year term with 1734 votes (620 blanks). Neither Whalen nor Lynch had opposition.

These new school committee members will join present members Clara D. Morgan and Maureen Best.

In a much closer race, Carolyn Cardoza with 1019 votes won a three-year term on the Old Rochester Regional District School Committee by 19 votes over Stephen R. Hanna with 1,000 votes. There were 335 blanks.

Incumbent Arthur W. McLean retained his five-year term on the Planning Board by a small margin of 115 votes, with 1117 votes to Christopher Jaskolka's 1002 votes. There were 235 blanks.

While he was enjoying the festivities, Dan received a telephone call from his opponent, Paul Lambalot, offering his congratulations on the victory. Mr. Lambalot said it was a well fought campaign; "Dan, you did a heck of a good job, and congratulations."

Many calls came in from townspeople who were away at that time but voted by absentee ballot.

Mr. Mahoney commented, "I think town government ought to be conducted with both the essence and closeness of the community in mind. People ought to be able to disagree without being disagreeable. Town government ought to be a pleasant and enjoyable experience for all who participate or are affected by it. I have every confidence in my own ability to bring this about."

The new Selectman continued, "Voters want to make a change in the office and people in charge. They have said to the populace to give me the opportunity to take the kind of leadership action that they expect of me."

Mr. Mahoney added, "I have a lot of views on how to operate town government. People know that and I have been given the opportunity to try it. I feel confident I can do it."

On a similar matter, Selectmen received the resignation of Kim McCartin as Account Clerk, effective immediately. Her letter reads, in part, "I was informed by Selectman DeCosta that the position of Town Accountant has been filled on a full-time basis. I have been employed by the Town for four years, assisting two Town accountants, and responsible for all accounting procedures for eight months. I feel I have contributed more

sary to continue on as Account Clerk. You have made your choice and I have made mine.

Selectman DeCosta explained that although the Account Clerk's job would be phased out, the Board offered to keep Kim to assist Mr. Bolton in learning the town's accounting procedures, and then work as a floating clerk in the Town Hall. "This she refused", Mr. DeCosta said. He said he personally urged Kim to stay but she wouldn't change her decision.

Discussing the situation after the meeting, Kim told this reporter, "I was not fired, as these rumors seem to be going around." She said she had been told two different things - first that there would be a part-time accountant and then they said a full-time one. "The Selectmen have made their decision and I've made mine. I was working for \$7. an hour and he's (Mr. Bolton) been hired for \$28,000. I've had enough."

In other business, Selectmen:

VOTED TO HIRE Maria L. Cananze to fill the vacancy of secretary serving both the Board of Appeals and the Building Department. She will replace Melanie Mills, who resigned on March 9th. The new secretary will work 35 hours per week with her salary prorated to each department.

AGREED to proceed with plans for the Town Hall vault as described in the preliminary cost estimate made by Brown and Lindquist, Inc., architects. Two plans were presented and, at Selectman DeCosta's recommendation, the Board agreed on the larger floor plan of 665 square feet at a cost of \$72,000. A smaller plan of 470 square feet would cost \$50,000.

Selectmen felt the larger space would be better for the amount of records presently being stored in various places, some of which are not fireproof. "We have to get across to the people that some of the papers are not protected and the funds are necessary," Selectman DeCosta said.

AGREED to support a request from the Council on Aging for an increase of \$700. in its fiscal 1991 budget, after the Finance Committee reviews the request.

The Council's new Chairman, Evelyn Pursley, informed the Board by letter, "The van used for senior transportation requires a monthly inspection. In the past this inspection has been performed by John Bowman, at no cost. We have obtained two estimates to perform this service; both gave figures of \$25. per inspection. This

Additionally, Mrs. Pursley wrote, "In the past, Mr. Bowman has repaired the van when necessary and the charge to the Council was for parts only. WERE NOTIFIED by the State Department of Public Works that due to budgetary restraints, they will not be sweeping any state highways by contract this spring. They will attempt, however, to sweep as many of the secondary roadways as possible.

The State Department of Revenue notified Selectmen the status of the fiscal 1990 cherry sheet in regards to the Lottery, Mosquito Control, the fiscal 1990 resolution aid and local motor vehicle excise tax.

Selectmen noted Mattapoisett is not dependent on the state to run its mosquito control program. Some funds come from the state, but not a significant amount - about eight or nine percent, said Chairman Talty.

Holy Week, St. Gabriel's

Holy Communion will be celebrated in St. Gabriel's Church Chapel at 12:00 noon on Wednesday, April 11th. The rector's slides from Holy Week/Easter in the Church of the Holy Sepulchre in Jerusalem will be shown in the library beginning at 7:30 p.m. These colorful slides from the events of the traditional site of Jesus' crucifixion and burial involve the activities of the churches who have residence there since the Council on Chalcedon in 451 AD and Ceremony of Holy Fire.
MAUNDY THURSDAY

Maundy Thursday, services remembering Jesus' institution of the Lord's Supper will be celebrated in the chapel at 12:00 noon and 7:30 p.m. on Thursday, April 12th. The white tulips traditionally on the altar remember Fran Arne.

GOOD FRIDAY

Guided Meditations every quarter hour begin in the chapel at 12:00 noon on Good Friday, April 13th, and continue until 3:00. Great spaces for silence are interrupted only by brief readings from scripture and Psalms retracing the ancient Stations of the Cross as experienced by pilgrims on the Via Dolorosa in Jerusalem. The Good Friday offerings are designated for the work of the Anglican/Episcopal Church in the Holy Land

EASTER VIGIL

Easter Vigil begins with Holy Fire at 7:00, one of the most dramatic services of the entire Christian year, in the Parish Hall in total darkness with the lighting of the Holy Fire, followed by lighting of each person's candle, an abbreviated story of our "salvation history" and a procession to the chapel for baptism and eucharist. Please telephone the office if you or someone in your family wish to receive the sacrament of baptism at this service; 748-1507.

EASTER SUNRISE SERVICE will be at Silvershell at 5:50 and will be dedicated to the memory of Thelma Ostefeld, the first service she will not have played since we began them in 1968. The old portable pump organ will not be sounded until sunrise. Everyone is invited back to the rectory to warm up and greet each other following the service.

EASTER CELEBRATIONS

Easter Communion with music will be celebrated in the chapel at 8:00 on Easter Day, April 15th, followed by a Festival Eucharist in the church at 10:00 with all acolytes, choirs and lay ministers taking part. The lessons will be ACTS 10:34-43, COLOSSIANS 3:1-4, and JOHN 20:1-18. The glorious hymns of Easter will set the context for a glorious celebration.

The two services at the Mattapoisett Con-

resurrection and new life being followed with
the obligation to speak it and live it. The

INTO FAMILY EYE CARE

I've never had vision problems, but recently I'm having difficulty reading well up close. Why should this happen?

This is a problem very frequently encountered by people from age 40 on. What happens is that they lose their accommodating ability to change focal points from distance to near. The lens in the eye stiffens up as we progress in age and what happens is that it normally fixes itself at a distant focal length.

When this happens we need a little help to see up close and this is where a half eye or a bifocal would come in handy. Once you notice you are having problems you should make it a point to see an eye doctor.

"The Diary of Anne Frank"

JUNIOR HIGH DRAMA CLUB

The Drama Club of the Old Rochester Regional Junior High School will present the Pulitzer Prize-winning play, "The Diary of Anne Frank", as its offering this year. The production will take place on the cafetorium stage at 7:30 p.m. May 3rd, 4th and 5th. Tickets, which are on sale now, are priced at \$3.50 for adults and \$2.50 for students and senior citizens. All seating is general admission.

Based on the well-known book, "Anne Frank: Diary of a Young Girl", this prize-winning play has enthralled audiences since its Broadway debut in 1955. While the story is a moving depiction of the thoughts of a young girl caught in an historical web beyond her control, the play offers significant insights into the strength of the human psyche. Running the gamut of emotions, "The Diary of Anne Frank" is one of the most beautifully structured plays ever written.

The Junior High Drama Club cast includes Albert Ting, Raemi Richard, Faith Wright, Matt Boran, Sarah Coggeshall, Danny McCarthy, Rachael Howland, Matt Jacobsen, Pat O'Shaughnessy and, in the title role, Monique Despres. The production is under the direction of David B. Boyce, Drama Club Advisor.

It is estimated that 10 to 20 percent of
school-age children suffer from learning prob-
lems which seriously affect their school
achievement. Early identification of these
problems and appropriate intervention can
greatly help them to achieve normal function-

Letters of Thanks

THANK YOU TO VOTERS OF MATTAPOISETT

I want to thank the 1015 voters who supported me last Tuesday at the Polls. As your spokesman, I believe we made a statement loud and clear. One way or another we want a change. To the 1253 voters who supported the long-time incumbent, I respect your support for Town Clerk Lois K. Ennis. To the 86 voters who supported neither of us by voting blank I understand your dilemma.

I ask the supporters of all candidates to set aside their political passions, take a deep breath, put on a smile and congratulate each other for a job well done. What kind of Town would we be if each of us weren't big enough to accept victory or defeat magnanimously.

I hope all of you will join me at Town Meeting where, together, we can be informed of all the issues and ask the appropriate questions in the hopes that Mattapoisett remain a community of spirit and pride.

Sincerely, Jim Huntoon

RESIDENTS OF MATTAPOISETT:

ON BORROWED TIME TO OPEN

On Borrowed Time has long been a perennial chestnut of a sentimental fantasy. It was written by playwright Paul Osborn who often lived in Massachusetts and whose credits include *Mornings at Seven* and *The World of Suzie Wong*.

On Borrowed Time plays at the Gateway Playhouse April 20th, 21st, 27th, 28th, May 4th, 5th, 11th, 12th at 8 p.m. This production marks the directorial return to the stage of George W. Hayden who was taken ill after his production of *Kate* and spent the winter teaching and recovering.

Mr. Osborn's play is a fantasy and an old-fashioned tear jerker which has attracted such memorable actors as Lionel Barrymore, Sir Cedrick Hardwicke, Beulah Bondi and Basil Rathbone.

The Gateway Players' production of *On Borrowed Time* will feature four-time A.R.T.A. award winner Larry Bennett as Gramps and four-time A.R.T.A. winner Sandy Jackson as Grandma along with young Andrew Wollman as Pud and Raitt Erickson

eye talk

Q. My husband had two fender-bender accidents recently. Could his vision be at fault? He did pass the licensing bureau's eye test last year.

A. Your husband's vision could be at the root of his recent driving accidents.

The "eye test" given at the driver licensing bureaus is actually a screening test and no substitute for a thorough eye examination.

Also, if it has been a year or more since your husband had even the screening test, a vision problem could have developed.

Your optometrist will examine his eyes for eye disease, for common vision problems and for any lack in vision skills needed for driving. Be sure to tell the optometrist about the accidents and how they happened.

Note also any job changes that might be putting added stress on your husband's eyes. Hours of staring at a computer screen, for example, could temporarily blur distance vision needed to drive home safely. Whatever the cause, it is important to get to the root of the problem.

N.B. Glass Museum EARNS ACCREDITATION FREE OPEN HOUSE

The New Bedford Glass Museum has been awarded the highest honor a museum can receive: accreditation by the American Association of Museums. Accreditation certifies that a museum operates according to

standards set forth by the museum profession, manages its collections responsibly and provides quality service to the public. Of nearly 6,000 museums nationwide, only 683 have been accredited.

"We hope the people of New Bedford share our pride in having earned this prestigious honor", stated Peter C. Bullard, President of the Glass Museum. "The three year process was rigorous, and examined virtually every aspect of our museum's operations. We invested two years of self-study into our application, and submitted to a demanding on-site evaluation by a team of experienced professionals."

Museum Director Janie Chester Young elaborated on the award, stating that the process was especially difficult for the Glass Museum. "In the middle of our application, the Accreditation Commission made a sweeping revision of the accreditation requirements, which demanded that all museums, even small ones, conform to the highest current standards of professional practice. This meant, in effect, that we were to be judged on the same basis as The Metropolitan Museum of Art. We're one of the first small museums to endure this kind of scrutiny, and the first in this area to be accredited under the new standards."

In celebration, The New Bedford Glass Museum will be holding a free open house for the public on Wednesday, April 18th,

Slocum River Canoe Trip

Experience canoeing with the Lloyd Center on Saturday, April 21st, on picturesque Slocum River. Paddling skills and canoe safety will be taught at the beginning of the trip to assure a safe and fun day. Be sure to bring your binoculars to observe the abundant bird life including cormorants, gulls, ospreys, red tail hawks and great blue herons. We will be using nets, which will be provided, to investigate estuary life such as mumichugs and other fish, shrimp and crabs. This estuarian system is a special sight since it is practically unspoiled by development.

This all-day affair on the River starts at 9:00 a.m. at which time you will meet your guide, John Hill, at the Lloyd Center, and lasts until 4:00 p.m. Please pre-register by calling or writing the Lloyd Center

ELECTRONICS STUDENTS HAVE FIELD TRIPS

Recently, students in the Electronics Department at Old Colony Regional Vocational-Technical High School experienced two field trips in two weeks. Seniors visited the Acushnet Company and were given a tour of this technological automated plant. Students were very impressed with the plant's robotic systems.

The Electronics Department also had the opportunity to visit the FM radio station located on the campus of Southeastern Massachusetts University. Students visited the radio transmitter tower and learned about the Federal Communication Commission's rules and regulations. Students were amazed to see a live radio broadcast.

Vocational-Technical High School are planning gardens to experiment with tomato seeds from space.

During the spring semester, students from Mr. Tom Hesketh's science class will grow and monitor space-exposed seeds and Earth-based seeds, searching for differences caused by long-term exposure to cosmic radiation. Results gathered by the students will be forwarded to NASA by June 15th for a final report.

For nearly 6 years the seeds were exposed to the harsh environment of space, subjected to cosmic radiation, temperature extremes, weightlessness, and the vacuum of space. Students will be looking for possible mutations to the tomato plant, such as changes in fruit size and color, growth rate, and leaf, stem, and stalk shapes and sizes.

The Space Exposed Experiment Developed for Students (SEEDS) was one of 57 experiments housed on the recently recovered 11-ton Long Duration Exposure Facility satellite. After a nearly 6 year voyage in space, the 12.5 million tomato seeds were rescued by the crew of the Space Shuttle Columbia on January 12, 1990.

SEEDS is a cooperative project between NASA and Park Seed Company, Greenwood, S.C., offering to students a one-of-a-kind hands-on experiment to study the effects of long-term space exposure on living tissue. SEEDS has the potential to involve 4 million students and 40,000 educators.

In March NASA distributed 180,000 SEEDS kits containing space-exposed seeds and an equal number of Earth-based seeds to teachers from the upper elementary school to the university level for experiments and study.

in the past 10 years, this competition, nationally the close-second oldest of its kind, will take place in South Dartmouth at the Southworth Library.

A fun-oriented, friendly tourney for amateurs, it offers a dozen or more attractive prizes including silver Revere bowls, handsome and useful pewter pieces for runners-up, and intriguing consolation prizes.

The working session will start at 9 a.m. with a "Warm-up" puzzle designed for completion within a half-hour or less. For their next effort the players will receive a longer, somewhat more difficult puzzle which may require from 40 to 50 minutes to finish. After it there will be a 20-minute coffee break featuring homemade goodies by the tournament sponsors, Friends of the Dartmouth Libraries, a non-profit organization.

Following refreshments, the third and final puzzle will be distributed to the players; 60 to 75 minutes is the usual allotment time for completion of this, the most challenging unit of the series for the morning.

Prize winners are determined on the basis of the total cumulative score by the participant for his/her three games. The team

of careful correctors who examine the finished puzzles use a simple but unique point system designed to encourage accuracy rather than speed or guesswork.

At the noontime luncheon following the competition, winners are announced by the veteran tourney director, Ms. Hope Atkinson, and the awards presented by the guest speaker at the luncheon. Traditionally this has been Dr. Eugene Maleska, dean of crossword enthusiasts and long-time puzzle editor for the New York Times. To attend this year's luncheon, an invitation has also been extended to Donald Lee, a highly regarded puzzle constructor residing in Washington, D.C.

"This is a kind of word lovers get-together, not a grim, silent battle of honed professional wits", commented one of the participants last year. It very well typifies their attitude; they come for the camaraderie, for fun.

Advanced registration is urged but not absolutely required; attendance at the luncheon table is optional. Traditionally of gourmet menu caliber, the food served has invariably won enthusiastic praises.

The tourney participation fee is \$5.00, coffee and goodies include; the luncheon ticket is \$7.00 and must be reserved and pre-paid. Information, travel directions, registration and reservation forms may be obtained by phoning 636-2215; or a personal
